An act to amend Section 11349.1.5 of the Government Code, relating to state government.

LEGISLATIVE COUNSEL'S DIGEST

AB 1706, as introduced, Jones-Sawyer. State government: Administrative Procedure Act: standardized regulatory impact analyses.

Existing law governs the procedures for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law requires each state agency to prepare a standardized regulatory impact analysis, as specified, with respect to the adoption, amendment, or repeal of a major regulation, as defined, that is proposed on or after November 1, 2013. Existing law requires the standardized regulatory impact analysis to address, among other things, the creation or elimination of jobs within the state.

Existing law requires the Department of Finance and the office, from time to time, to review the standardized regulatory impact analyses for adherence to regulations adopted by the department. Existing law requires, on or before November 1, 2015, the office to submit to the Senate and Assembly Committees on Governmental Organization a report describing the extent to which submitted standardized regulatory impact analyses for proposed major regulations adhere to the regulations adopted by the department.

This bill would also require the report to include information on the cumulative economic impact of the regulations on businesses within the state.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
